TWO CENTS' WORTH OF PP&L'S CHEAP ELECTRICITY...

... will operate another 300-watt lamp three hours in the average home, for Pacific Power & Light has cut electric rates again and again until now they are 34% below the national average.

AN I.E.S. BETTER-LIGHT LAMP

... has translucent bowl for filtering out glare and reflecting part of the light upward for general illumination. Conforms to 54 rigid standards. A few dollars still buys one at your dealer's.

...and you're all set for an evening of seeing comfort!

Your eye muscles can relax when you have plenty of glareless light... and your nerves can "take it easy", too. So why let eyestrain cause headaches, "grouches" or that drowsy feeling, when good light costs so little?

Just a word of caution—to get maximum efficiency from your better-light lamp, be sure you use the right size bulbs. Get some spares today at your dealer's. The 300-watt size costs only 55c, the 100-watt only 15c.

Our lighting advisor will gladly help you light condition your home for safe seeing.
