During warm weather we are all glad to be reminded to serve ice cream and sherbet often. Although everyone likes the plain flavored ice creams because they give a chance to savor every bit of the delicate flavor and to appreciate the fine texture, it is always fun to whip up a special favorite combination of plain ice cream with fresh fruits or with a special sauce. In other words—your own idea of an ice cream sundae. You know, of course, that all sorts of sauces may be stored in covered jars in the refrigerator and will keep for several weeks. If you already use this idea you know what a convenience and time saver it is.

Here are some simple ice cream sauces to add to your own collection, and best of all they do not call for sugar.

**Maple Cream Sauce:** 1 cup maple syrup, 1-2 cup cream. Heat syrup and cream to the soft ball stage (232 F.) Beat 1 minute, and allow to cool.

**Maple Sauce:** Cook maple syrup to 224 F. Cool. Pour over ice cream and then sprinkle with nut meats.

**Honey Nut Sauce:** Pour strained honey over ice cream. Sprinkle with salted pecan meats.

**Marshmallow Sauce:** 2 1-2 dozen marshmallows, 1 1-4 cup orange juice, 2 tsp grated orange rind. Put marshmallows in a sauce pan and pour the orange juice over them. Heat over low heat, folding juice over marshmallows until they are half melted. Remove from heat, add grated orange rind, and continue folding until mixture is smooth and fluffy. Serve while still warm over chocolate ice cream. Reheat always before serving. This makes 1 1-2 cups of sauce.

**Lemon Ice Cream:** 2 eggs, 1-2 cup sugar, 1-2 cup light corn syrup, 1 cup light cream, 1 cup milk, 1-4 cup lemon juice, 1 tsp grated lemon rind.

Beat the eggs until light and thick, adding the sugar gradually while beating. Then add the syrup, the cream, milk, lemon juice and grated lemon rind. Pour mixture into freezing tray. When frozen, scrap into chilled bowl. Beat quickly with hand or electric beater and return to tray and allow to finish freezing. Serves 6-8.

Where the motive to do right exists, and the majority of one's acts are right, we should avoid referring to past mistakes. Mary Baker Eddy.

"Mother," asked little Peter, when the family had guests for dinner, "Is the dessert too rich for me, or is there enough to go around?"

She: You can take me to the dance tonight if you like, unless you meet somebody more attractive.

He: I say, that's sporting of you. We'll leave it like that, shall we?

Australia's First Lend-Lease Tanks

Australia has received her first quota of lend-lease tanks from the U. S. The M-3 mediums and lights are important fighting weapons. Crews for the tanks, mostly experienced men from the Libyan and Malaya fronts, are trained as crewmen. The Aussies are shown unsealing them after they were received from the U. S. prior to putting them into final fighting shape.

Churchill's Son at Willow Run

Capt. Randolph Churchill, son of Britain's prime minister, is shown (left) with Edsel and Henry Ford during his visit to the Willow Run bomber plant. At right is Charles E. Sorensen, Ford vice president and general manager. Churchill is recuperating from injuries received in the Middle East area.

The sale of War Bonds in Sherman county for July was far below quota. It was under quota for June, as well.

This should not be a surprise to those who know that the farmers, who are the most able to buy bonds, have been very busy for the past two months getting ready to harvest a crop with insufficient help.

They are now in the midst of that harvest.

In a couple of weeks when that task is over and the receipts begin to roll in there will be a different story to tell.

Out of the 1942 wheat crop this county should buy a minimum of \$200,000 in war bonds and even this sum would be less than the ten percent being asked of defense plant workers in the cities.

The Sherman county wheat grower enjoys the American way of life as fully as any other group in the entire United States. Few others can have his standard of living.

He has more to lose, therefore, by defeat at arms than do others. He has more to defeat with. That he will rise to the emergency needs not be said and this means that July should be the last month the quota is below requirements.

DEPENDABILITY

In these times more than usual it is important to have a dependable grocer-- In wartime prices and quality and even quantities are subject to change.

Quality here will be good, prices will be fair and quantities what is allowed.
