

Edgar Alley Suffers An Injured Foot

Edgar Alley sustained a seriously injured foot Saturday when he tried to get on a tractor while it was in motion. His foot slipped and was caught in such a way that the big toe was cut off on the left foot and three other toes badly mangled. Parts of them had to be removed. Edgar shut off the tractor or the accident might have been more serious. He was rushed to the hospital by his father and brought back the same evening. He is getting along well.

Mr. and Mrs. Virgil Roberts of Canby are parents of a daughter born Saturday, August 8. The Roberts were former residents of Grass Valley.

Glen Karnes and sons, Kenneth and Lloyd, went to The Dalles Tuesday to attend the circus.

Mr. and Mrs. Al Roberts and son of Corvallis arrived Thursday to spend the weekend visiting her parents, Mr. and Mrs. Fred Coe and Don.

Corporal Dale E. Baker has been named as regular tenor soloist at chapel 800 of the 7th regiment at Camp Crowder, Mo. Recently he was guest soloist on a program sponsored by Dr. I. Q. the radio quizmaster, who entertained at Camp Crowder. This week beginning the 17th, Cpl. Baker is presenting a 15 minute radio program over the Mutual system at 8:30 Central time.

Mrs. W. B. Mathews and children came up from Portland Wednesday to spend several days visiting her parents, Mr. and Mrs. T. M. Rolfe.

Mrs. Charles Perrigo of Portland came up Saturday to visit her parents, Mr. and Mrs. Frank Bayer over the weekend.

Mr. and Mrs. W. Roper and Mrs. Glen Karnes attended a fellowship meeting in Hood River Monday.

Harry Young came home from Portland to spend the week end visiting his parents, Mr. and Mrs. Geyer Young.

Mr. and Mrs. Frank Bayer and sons, Keith and David, Mrs. Charles Perrigo, of Portland and Mr. and Mrs. Frank Bayer Jr. went to Tygh Valley Sunday and enjoyed a picnic dinner.

Mr. and Mrs. Lawrence Denis, Mrs. William Beck and F. H. Williams went to The Dalles Saturday. Mr. Williams remained for several days before returning to begin painting the Baptist church.

Mr. and Mrs. W. E. Bruckert of Klondike were business visitors here Saturday evening.

Jap List of War Prisoners

Pictured is one of the first lists of American prisoners of war sent by the Japanese to the central agency for prisoners of war in Geneva, Switzerland. The list, which recently reached the United States, contains the names of about 40 casualties. Subsequent lists of casualties have been received in this country.

Desert Fox

This picture, from a neutral source, shows Field Marshal Erwin Rommel, of the German Afrika Korps, standing on a bunker directing one of the Axis operations in the see-saw battle of Egypt. Rommel is one of the wildest generals the war has produced.

What You Buy With WAR BONDS

A scout car is a low-slung motor car armored with heavy steel plate, used to transport troops from one point to another. It is of low silhouette and gives protection against machine gun and other ground fire. A scout car costs \$5,000.

You and your neighbors joining together can buy one of these vehicles for the Ordnance Department of our army with your purchase of War Bonds. We need hundreds of them and need them quickly. Put at least ten percent of your wages or income into War Bonds every pay day and help your fellow Americans top the War Bond Quota in your county. U. S. Treasury Department

OVER THE TOP FOR VICTORY with UNITED STATES WAR BONDS-STAMPS

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

HI-WAYS TO HEALTH by ADA R. MAYNE OREGON DAIRY COUNCIL

Come mid-summer and the subject of the weather becomes a tiresome or not—the weather must be taken into consideration when feeding the family. Hot weather appetites demand foods which have a refreshing quality as well as high food value.

Fruits are always appealing this time of year when peaches, apricots and plums crowd the stands. Colorful arrangements of fruits—fresh fruits in season combined with canned fruits—cottage cheese and crisp salad greens have infinite appeal when made into fruit plates. For instance, combine the golden hue of ripe peaches with the deep red and purple of plums or blackberries and serve on a cool bed of salad greens.

When served with a glass of milk and flaky hot biscuits or muffins with lots of butter, a fruit plate makes a vitamin-rich, satisfying lunch or supper combination. Here is a recipe for a fruit dressing that is a bit different:

Fruit Dressing:
1 cup seeded raisins
1 cup whipping cream
3 tbsp honey, 1 tsp lemon juice
Cover the raisins with water and bring to a boil; drain and whip the cream and add honey, a bit of paprika, and cooled raisins. Then add the lemon juice gradually, stirring constantly.
And if you're looking for something new to serve with your fruit plates, try these Spice Muffins. The tempting aroma of old fashioned nutmeg gives them a new fashioning flavor that goes especially well with salads of fruits.

Spice Muffins
2 cups sifted flour (enriched)
2 tsp baking powder 1-2 tsp soda, 1-2 tsp salt 1 tsp nutmeg, 2 eggs, 3-4 cup brown sugar, 1 cup sour milk or buttermilk, 1-4 cup melted butter. Sift flour, baking powder, soda salt and nutmeg together. Beat one egg and one egg yolk, reserving the white of one egg for topping. Add sugar to egg and stir well. Add sour milk and butter. Add to dry ingredients and stir only until dry ingredients are thoroughly moistened. Fill buttered muffin tins 1-2 full. Add 1 tsp water to egg white and brush over top of muffins. Sprinkle with granulated sugar. Bake in moderately hot oven (425) for 25 minutes. Makes 8 large or 16 small muffins.

New Antennas Change Direction

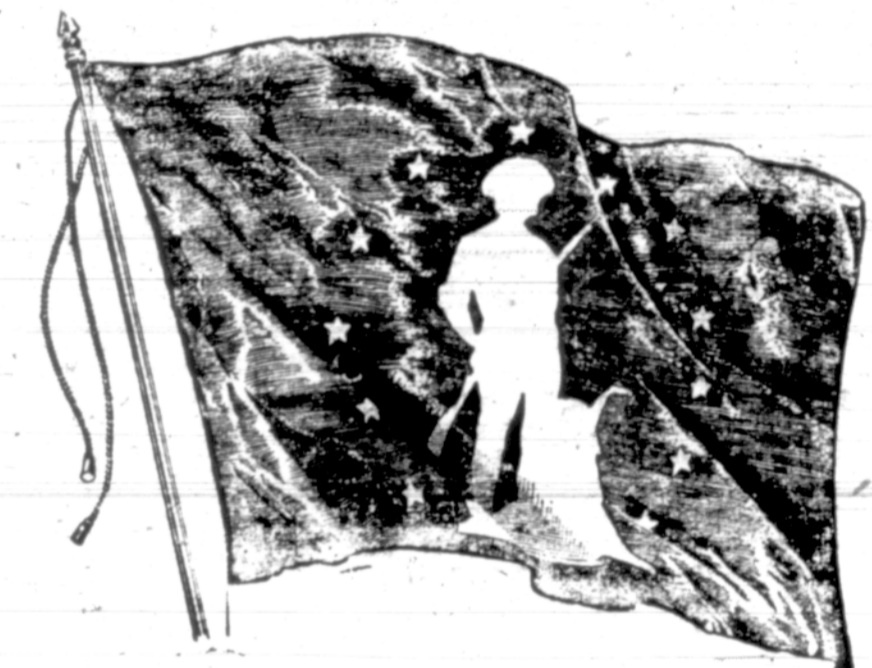

Use of directional antennas by broadcasting stations to increase signal strength in some directions and reduce it in others is increasing rapidly, according to figures presented in a technical paper being distributed by the engineering experiment station at OSC.

The paper which describes the design of such antenna systems is a reprint from the proceedings of the Institute of Radio Engineers and was written by two members of the electrical engineering staff.

With high school applications higher than last year and those from transfer students slightly lower, total admissions for the fall term at OSC are running almost exactly the same as a year ago, according to a mid-term report from Registrar E. B. Lemon.

Little information can be had on return of old students though reservations at women's dormitories and cooperative houses are practically the same as last year.

MINUTE MAN FLIES HIGH—This is the new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases by their employees or members through a systematic purchase plan. The Minute Man is emblazoned in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions, and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

The original minuteman - he who won our liberties -- risked his life, and the risk was poor; the modern minute man is asked to risk his dollars, and the risk is good.

This is the time for Sherman Counties to buy bonds, while there is money to do it with. Even a cursory reading of the news tells us that we need planes, tanks, guns with which to implement our men who are fighting on the Soloman Islands, in the Aleutians, along the coasts of France. There can be no second front until there is equipment for the men who make it. It must begin at home, in the pocket of every man who can buy a bond or a stamp.

DEPENDABILITY

In these times more than usual it is important to have a dependable grocer-- In wartime prices and quality and even quantities are subject to change.

Quality here will be good, prices will be fair and quantities what is allowed.
