MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

READ THE RULES—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

TIME OF MAILING—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

USE CARE IN PREPARATION—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappings of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

PROHIBITED MATTER—Intoxicants, inflammable materials, poisons or compositions likely to damage mails are unmailable. No perishable matter should be included in parcels.

HOW TO ADDRESS PARCELS—Addressee must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct using name, rank, organization and location.

POSTAGE MUST BE FULLY PREPAID—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

GREETING-MESSAGES PERMISSIBLE—Inscriptions such as "Merry Christmas," "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE AND REGISTRY—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

ED CAREY, our fire chief, came stompin' into the printin' office last week, madder'n a hornet.

"Say!" he yells. "If I could get my hands on that fellow Goebbels, I'd stick a fire hose in his mouth and turn on the pressure." Ed shouts, poundin' my desk. "Do you know what he's puttin' on the German short-wave propaganda to America NOW? He's tellin' folks that American army camps are full of drunkenness! Can you beat it?"

"Calm yourself, Ed," says I. "Nobody's going to believe what Goebbels tells 'em."

"But don't you see? He's puttin' this bare-faced lie on the air to stir up trouble."

"Pretty stupid propaganda, I'd say. Pretty silly, even for the Nazis," says I.

"How so?" says Ed. "There's people in this country that want beer taken out of the camps. That sure is going to hurt army morale. And this lie certainly is fuel for their fire."

"Not if I know Americans," I says. "And the Nazis don't know

us. People realize that if Goebbels wants beer taken away from our soldiers—there must be a reason. The enemy won't stop anything that's hurting our army. They'll try to stop whatever's helping it."

"Say! That's true, ain't it?" Ed began to grin.

"Of course it's true—and reasonable people can't help but see it. So instead of makin' trouble—like they hope—they're just confirmin' what the Secretary of War and the other Army leaders believe—that among the other good wholesome things a fighting man can get at the canteen in camp—America should include beer."

From where I sit—I can guess why Goebbels wants beer out of the camps. The Nazis would a heap rather face an army that already lost its rights than one that was fighting for freedom it could touch and taste and feel every day... Wouldn't you?
