Oregon Needs The Prestige of Walter M. Pierce in CONGRESS

He is the only man west of the Missouri River on the Agriculture Committee—he is in a position there to do a lot of good for the people of Eastern Oregon as he has in the past. No new man can acquire that seniority without many years of service.

His Record is:
RIGHT ON THE WAR.
RIGHT ON THE RUBBER.
RIGHT ON FARM CREDIT.
RIGHT ON LABOR.

CONGRESSMAN O'CONNOR OF MONTANA SAYS:

"I take this occasion to compliment the gentleman, (Pierce) on the matchless service he rendered the American Farmer as a member of the house. I do not know any member of the house who has been more faithful to the interests of the poor man and the farmer, regardless of what he has been producing, than the distinguished gentleman from Oregon. We in Montana, as well as the people in the gentleman's state are to be congratulated that we have the benefit of his splendid service."

The Pierce Bill H.R. 6315 resulted in a saving of \$23,606.00 in this county alone.

THINK of the ersatz food eaten by Axis-dominated people and thank Providence for our rolling fields of grain, our vitamin-rich bread that helps to keep us a healthy Nation; a Nation determined to remain strong and free.

Union Pacific plays its part in building a healthy America by hauling tons of grain and other western-grown products for our homes and our men in service. It plays its part in maintaining American freedom by transporting huge shipments of armament, trainloads of troops over "the Strategic Middle Route" uniting the East with the West.

All Union Pacific employees realize that this is a job that must be done—and they're doing it. Day in and day out, they're "keeping 'em rolling" to back up Uncle Sam.
