Announcement of Consolidation

Partnership papers have been signed by James Maddox of The Atwood Store and William Clothier of the Wasco Market. Effective May 1, 1943 Wasco Market and The Atwood Store will consolidate and operate from the building formerly occupied by the Wasco Market. The locker plant in The Atwood Store will be open business days, regular store hours for access of locker box owners. Business will continue as usual and we solicit the patronage of customers of both former stores in our new and larger business.

Buying and pricing restrictions as well as decreasing population and scarcity of merchandise have prompted consolidation.

Come on! Let's WIN this war!

IF we should lose the war, life would not be worth living.

"But we won't lose it", you may say. Listen, brother— in this world nothing's sure, unless you make it so.

This month it's up to us here at home to do our part, and then some, to make Victory surer—and quicker! To do it, we've got to lend Uncle Sam 13 billion EXTRA dollars.

It isn't easy—but war isn't easy and Victory isn't cheap. It takes money—and more money—to buy planes, ships, tanks, guns and a million other things our boys must have to deliver that final, paralyzing knock-out punch.

And it's a whale of a lot easier for us at home to lend our money than for our boys to fight through the hardships and dangers of deserts, swamps, jungles, ice-fields and sub-infested seas!

Just think! Every extra bond you buy will help provide the weapons to save the lives of many American boys! Isn't that alone worth every effort, every economy you can make? You bet it is!

There are 7 types of U. S. Government securities to meet the needs of every purse. They offer the finest investment in the world—liberal interest, plus securities guaranteed by Uncle Sam himself.

A volunteer worker for the 2nd War Loan Drive may visit you soon. Welcome this unselfish patriot—and buy all the bonds you can. But don't wait for that call. Go—today—to your bank, investment dealer, broker, post office or bond booth and invest to your uttermost limit. Even if it hurts, it's nothing compared to the agonizing impact of a bayonet thrust, a flesh-tearing torpedo fragment or a bone-crushing bullet.

So dig deep, brother, and do it NOW!

There are 7 different types of U. S. Government securities—choose the ones best suited to you!

THEY GIVE THEIR LIVES . . . YOU LEND YOUR MONEY
