THE OLD JUDGE SAYS..

"I can't think of anything else you'll need for your Victory garden, Judge... you've got pretty nearly everything."
"I think so, too, John. Ever get your asparagus patch going?"
"I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"
"Well, I think you're wise, John... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country

seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.
"The reason is prohibition does not prohibit. All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."
