AMERICAN HEROES

BY LEFF

The Distinguished Service Cross has been awarded Staff Sgt. Doyle Kimmery of Huntington, Texas, for manning a sub-machine gun and returning the fire of low-flying enemy planes during the Jap attack on Hickam Field. When his ammunition was gone he ran from the cover of his truck to get more, and kept firing until the truck was bombed. He showed bravery beyond the call of duty. Figure out for yourself how much you can invest in War Savings beyond what you are doing now.

Government Buying Seed From Oregon

Purchase of winter legume and annual ryegrass seed from Oregon growers will again be a part of the government's program to promote fullest use of winter cover crops to increase food and fiber production in southern and east central states, the state AAA office announced this week.

For the fourth consecutive year, Oregon growers may sell their seed crops to Commodity Credit corporation through county AAA committees for shipment to the southland, where it is furnished through dealers to farmers who are cooperating in the soil conservation program.

Prices paid to growers, grade requirements and method of purchase are practically unchanged from last year's program, through which nearly 100 million pounds of Oregon seed was handled. Hungarian vetch, which was purchased last year, is not included on the schedule released to county AAA offices this week and will not be eligible under the 1943

program. Basic prices to growers for top grades of seed have been announced as follows: Austrian Winter peas, 5 cents a pound; hairy vetch, 10 cents; common vetch, 5 cents; crimson clover, 10 cents; common ryegrass, 5 cents; Monantha vetch, 6 1/2 cents; rough and perennial peavine, 10 cents; and Willamette vetch, ranging from 6 1/2 cents for blue tag to 5 1-2 for white tag. Appropriate differentials apply to seed of less than the basic germination and purity requirements.

Deer Tags Go On Sale

Applications for a special doe deer and cow elk tags are coming in rapidly, according to the Oregon state game commission, particularly for the Grant county doe deer and the northeastern Oregon cow elk area. For the latter two areas, at least, it appears that the quota will be oversubscribed by August 16, which will necessitate a drawing to determine to whom tags are to be issued. Anyone wishing to participate in the drawing must have his application in the office of the game commission before five o'clock the afternoon of August 16. The drawing will then be held at ten o'clock Thursday morning, August 19, at the game commission office in 616 Oregon Building, Portland.

EATING is a daily performance, a habit almost universal, praise be.
