### HIGHWAY COMMISSION

(Continued from Page One)  
Engineer, Public Roads Administration; John Kelley, Salem, Director, Postwar Readjustment & Development Committee; Ralph Watson, Portland, Oregon Journal; Dr. E. B. McDaniel, Portland, President, Oregon State Motor Association; Senator Marshall E. Cornett, Klamath Falls; Joe Gerber, advertising man; W. H. Lynch, Public Roads Administration; J. E. Peck, State Engineer, The Dalles; Dave Falkenhagen, The Dalles.

### Fathers Draft

#### Coming October 1

After October 1 when drafting of fathers begins, those in non-deferable activities or occupations, regardless of their order numbers, will be the first fathers called for military service. Those who transfer to essential occupations and thus release single men for military service help to decrease the need for drafting fathers. Generally speaking, after October 1, the occupation of an eligible registrant will determine whether he will be inducted or deferred if his number is called. However the question of hardship to dependents must be given consideration in each case.

### THIS DIESEL OIL

GIVES NAVY SUBS A LONGER REACH

—And It Can Cut Your Overhaul In Half

Now, U. S. submarines reach right out to Nippon's beaches to land baymakers on Jap shipping. One reason is because their Diesels are lubricated with RPM DELO. It contains a special compound that eliminates sticking rings, keeps pistons clean after thousands of miles of heavy-duty operation, ends bearing corrosion.

Now, you need RPM DELO more than ever, to cut wear to a whisper and stretch the life of scarce parts.
