MAKE MEAT POINTS GO FURTHER!

3 lbs. 4 oz. Lost in Cooking at High Temperature

Only 1 lb. 7 oz. Lost in Cooking at Low Temperature

With wartime restrictions limiting the amount of meat available to the family table, low temperature meat cookery of beef, pork, lamb, or veal, which yields 15 per cent more servings on the average, is valuable in helping the American Housewife get the maximum from her meat allowance. These two roasts weighed exactly the same before cooking and were cooked to the same degree of doneness. The roast cooked at the high temperature (above) lost three pounds four ounces in cooking. The roast cooked at low temperature (below) lost only one pound seven ounces and provided six to eight more servings than the roast cooked at high temperature.

Whether roasting, broiling, panbroiling, braising, or cooking in water, it pays to cook all meat slowly at low temperatures. The advantages are: 1. Less shrinkage—more servings; 2. Less fuel used; 3. Meat more uniformly cooked; 4. Meat more tender and better flavored; 5. Constant watching unnecessary; 6. Spattering and burning eliminated; 7. Easier to carve.

MORO HIGH SCHOOL NOTES

The Moro Huskies were defeated by the Maupin Redskins on the Maupin floor last Friday night with a score of 32-27.

Moro Huskies first string were very victorious over the Condon Blue Devils, Saturday, January 3. The Huskies started the game off the right way by making the first basket. At the half the score read 22-2 in the Huskies favor. The Blue Devils came back at the half a little refreshed and ran the score up to 38-18, but still in the Huskies favor.

J V Gould has come to teach our band, and also direct a girls glee club on Monday, Wednesday and Friday of each week.

Don't forget the Junior play "Headed For Eden" which will be presented, Friday night, January 14, at the Moro gym. Reserved seat tickets are now on sale at the Moro Hotel.

SHOE RATION
