I'M BUILDING A BARN
after the war...with the
WAR BONDS
I BUY NOW!

Whether it's a barn, a new car, a tractor, a combine, a new house or one of a dozen other things that you've set your mind on for after the war—be sure the money is available by putting it in WAR BONDS—TODAY!!

They're better than the greenbacks in your wallet, because although printed on the same kind of paper, they increase in value each year, while greenbacks do not.

\$75 cash now becomes \$100 in 10 years
\$750 cash now becomes \$1000 in 10 years
\$3750 cash now becomes \$5000 in 10 years

Every dollar you and your neighbors put into War Bonds helps to hold down prices on the things you buy. Idle money causes inflation, whether it's yours, mine, or some war workers.

Some of your neighbors will call to take your order for Bonds

To make the buying of WAR BONDS easier, some of your neighbors have volunteered to call on all homes in the county to take orders for bonds. They have the forms and any information you want. Or you may buy from your LOCAL BANK or POSTOFFICE
