THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this morning, Judge...there's never been a time in our lives when we got to live up to that old sayin' 'United we stand, divided we fall' more than we have to today."  
"How true that is, Herb. And for the life of me, I can't figure out why, at a time like this, some folks insist on raising a question like prohibition. I can't imagine anything that would tickle our enemies more than to get us folks over here taking sides against each other, arguing about an issue like that. We've got a he-man's job on our hands to win this war and we can't be wasting our minds, our money and our strength fighting about something we tried for nearly 14 years and found couldn't work."  
"I say there's a time and a place for everything, and this is no time or place to be doing any fightin' except the kind that's going to win the war."
