Built to take a BEATING

Take no chances on those hard-to-replace track roller bearings. Use a lubricant that's especially compounded to ease their crushing burdens.

Free flowing RPM Tractor Roller Lubricant spreads over every inch of bearing surface, forms a resilient cushion against shocks. It stays put longer under off-center pressures of side hill work — resists displacement under the heaviest loads. RPM Tractor Roller Lubricant seals bearings against dust and mud.

Get this free, fully illustrated booklet that shows 17 important steps to safe, sure wheel bearing lubrication. Tells how to use tough, water-resistant, long-lasting RPM WHEEL BEARING GREASE on trucks, tractors and passenger cars. Ask for your free copy today.
