

## Moro Missionary Returns From India

Miss Mildred Ginn came on the stage Tuesday night after an absence of several years. She returned to California from India where she was a missionary, after the war broke out in that country. She is now on a speaking tour and will remain here but a few days, visiting her brother, Harold and family and friends.

Eli Cochran who lived here until 1909 when he moved to The Dalles was here Tuesday with his son, Orville, who is now a doctor in Fontana, California. Mr. Cochran's place was in Grass Valley canyon at the bridge.

Wyman French came home for a two weeks furlough from Camp Polk, Louisiana last Sunday morning and is visiting friends and his parents.

Mr and Mrs Bert Lite and children were here last week end from their home in Portland. Her mother, Mrs Jack Lawrence, went back with them returning to Moro Tuesday.

Mrs Donalds Knighten and daughter, Anajean, left Monday for Portland and the American Legion Auxiliary convention. She accompanied the state president, Mrs Floye von Borstel, and all will remain until the convention ends Saturday.

Ross Ornduff was in Portland the first of this week for a few days.

Wily Knighten is taking his vacation from the school superintendent's office and is helping get the grain in the elevator at Hay Canyon and shipping it out.

Mrs Naomi Van Gilder is at the coast at Newport with her niece from Albany this week.

Mrs Eloise Belashe was up from Portland last week and visited with Mrs Irving Hart and Mrs May Belashe until Sunday.

Lt. Luther Warren Davis is home on a furlough from Fort Sill, Oklahoma and is visiting his parents, Mr and Mrs J. L. Davis at Kent and other relatives and friends in the county.

Anson Woods arrived Tuesday for a visit with his brothers and sisters and their families here.

Jane French returned Tuesday to spend a few days at the home of her parents, Mr and Mrs Giles French.

**YOUR Caterpillar Dealer SAYS:**

GET THE FACTS FROM YOUR "CATERPILLAR" DEALER

While the need for new "Caterpillar" Diesel Machines by our armed forces is great, and production must be devoted principally to their needs, it is not Uncle Sam's intention to hamper home front production of vital war materials. In the event your work rates a high priority and a new tractor is essential to your operations, see us. We can give you the facts as to what your job requirements must be in order to obtain a new "Caterpillar" Diesel Tractor. We can help you in compiling the necessary material and presenting it to the proper authorities.

However, in the interest of our national war program, we must all work together in an effort to keep all present equipment producing as much as possible. Here, too, we are in readiness to help you. We have developed methods and installed special tools to help you keep your equipment on the job. Our trained specialists are ever ready to help you keep 'em rolling. So, regardless of what your problem may be, if it is one involving power, see us right away.

Youth is something in the soul which has no more to do with the color of the hair than the vein of gold in a rock as to do with the grass a thousand feet above it.

From where I sit... by Joe Marsh

**What Made Our Invasion a Success?**

With 57 blue stars on our Service Flag, our town's been mighty excited over the way things are progressing on the Continent.

"Shucks," says Bob Newcomb happily, "I knew we were going to lick them Nazis, soon as the invasion started."

"I knew it before that," says Doc Hollister. "I knew it from the way our boys were getting along with their British buddies in those English camps. They had a lot of differences to overcome before they could work together as a team. And they overcame 'em."

From where I sit, Doc's mighty right. The success of our invasion began months ago—when the English Tommies and the GI Joes got together over friendly beer, and games of darts—and learned to like each other in spite of differences in tastes and habits.

And that spirit of tolerance and understanding between men and nations will go far towards building a secure Peace, too.

Joe Marsh

**THE OLD JUDGE SAYS...**

"Good morning, Doc. Your good wife tells me you're working night and day now that so many of the younger doctors are in the army."

"That's right, Judge, and I'm glad I'm still able to do it. Had a long letter from Harry... that bright young fellow I was breakin' in to take over my practice. He said the boys in the service are getting the best medical care of any armed force in our history. They really should with all those brilliant doctors and plenty of supplies to work with."

"Speaking of supplies, Doc, not many people realize that a large part of the alcohol required to make the medical supplies that are being used right this minute to alleviate pain, combat infection and save human lives, is produced by the beverage distilling industry. For nearly two years this entire industry has been working night and day producing nothing but alcohol for the government's program."

"Nobody knows better than I, Judge, what an important contribution to our war effort that has been."
