CLEAN OUT THE BUREAUCRATS AND RESTORE AMERICAN Freedom!

We are now supporting 3,000,000 employees on the Federal payroll, more than 2200 bureaus, agencies and commissions. Directive follows directive. Inefficiency, waste and confusion increases. And up goes the tax bill imposed by New Deal extravagance.

DEWEY WILL GIVE FARMERS A SQUARE DEAL. READ THIS SUMMARY OF HIS FARM PROGRAM: "The wide fluctuation of prices of farm products following the last war will not be tolerated. A floor will be placed and maintained under farm prices with assurance of seal-up crop loans. A proper farm program will be created and operated that the farmers will have control and operation of their program without domination or dictation of appointed bureaucrats."

The Symbol of the Might of America

This country has become the most powerful nation in the world on the principle of majority rule.

The people of the United States of America have philosophically accepted the dictum that that which the majority of the people of the country want is, in the long run, the best for the country.

In order that the true wishes of the majority be known it is imperative that everyone eligible to do so cast a vote in the coming election.

The fact that this country is today in an international war for the preservation of the traditional American right of free elections makes it more imperative than ever that you...

THINK then VOTE!
