

Town Entertains Soldiers In USO Fashion Monday

Forty-one men of a Signal corp company stopped overnight in Moro Monday while on their way from California to Washington with the company's equipment which was loaded on trucks and trailers. Interested citizens, upon learning of their impending arrival, hastily arranged a dance for them which was pretty well attended considering the short notice.

Walter Carlisle came up from his place at Millers Wednesday to do a little business in the county seat.

Dean Wilcox spent several days in a hospital in The Dalles having been taken there last Friday night. His leg was broke just above the knee and he had to wait while the swelling went down before a cast could be applied.

W. F. Jackson and wife were here Tuesday to cast their ballots in the general election.

Mr. and Mrs. W. H. Ragsdale came up from The Dalles Wednesday on business in Moro.

The hunters have returned from their trip to the Blue mountains and report a good time even though the bacon did get a little tiresome with neither venison or elk meat to go with it.

Mr. and Mrs. John Demos attended the reception given in honor of the 50th wedding anniversary of Mr. and Mrs. Hardin Dugger Sunday at Boring. Hardin Dugger is Mrs. DeMoss' uncle.

Vernon Platt returned Sunday night from Oakland, California where he was visiting relatives. He brought home a packard car.

Mrs. May Barnum came up last Thursday and remained until Tuesday visiting her brother, Harry Knutson and other relatives in Moro.

Mrs. Ernest Woods took her daughter, Sherry, to The Dalles for a series of penicillin treatments this Wednesday.

Mr. and Mrs. Ralph Brisbane and Mrs. Soren Hansen went to Goldendale, Wash., Wednesday afternoon upon hearing that Elmer Hansen was seriously ill with double pneumonia at the hospital there.

Marcus Eslinger is now the driver of the laundry and cleaning truck having been discharged for medical reasons from the navy. George Updegraff was in Condon on business on election day.

Dr. Leo Moore was up from The Dalles Sunday to take his first shot at geese for the season.

"Bill" Stewart, range land appraiser for the State Land Board was in town Wednesday night on business for the board.

The Missionary society will meet next Tuesday, November 14 with Mrs. Jennie Martin.

Miss Joeelle Peters is home from the hospital where she dispensed with her appendix and she will be able to go back to work in the county agent's office soon.

Mrs. L. L. Peetz, who was ill last week with a cold and with asthma is now reported as better. Colds have made the rounds now and the general health of the community appears better.

The new boiler for the hotel installed this week, arrived Saturday and is being

USO Fund Campaign Nearly Finished

Collections on behalf of the USO have nearly all been made and the county's quota will be sent in within the week it is thought. Many counties have already sent in their quota to state headquarters and Wheeler, Harney, Malheur, Klamath and Jefferson are the only eastern Oregon counties other than Sherman that have not gone over the top in the state compilations. Valley counties have been slower but seven of them have reported their quotas reached.

I wish to thank the voters who accorded me the preference in the race for the assessors at Tuesday's election and I promise to give as good an administration as I can.

Moro Women Hear Speaker Talk About Proposed Health Measure

The Moro Women's club held a very interesting meeting last Friday evening under the supervision of the Educational committee with Mrs. M. M. Oveson and Mrs. H. B. Pinkerton in charge.

After a short business session the meeting was turned over to the program director, Mrs. Oveson, who presented Mrs. Knighten, who introduced Miss Janet Woodruff, assistant physical educational instructor of U of O. She spoke on the Need for Education of Youth with respect to Health and Physical Fitness.

A bill, for an act to provide for programs of health instruction and physical education in all elementary and high schools of the state, to provide for the planning, supervision, direction and evolution of such programs by the Superintendent of Public Instruction and to appropriate funds therefor; was explained and discussed. This bill will be up before the next session of the state legislature, and is also backed by the State Medical association and Mrs. George Morehead, State President of clubs.

Ideas to make physical education more interesting to the pupils were exchanged by an oral question box. At the close of the program delicious refreshments of cookies and coffee were served by the hostess, Mrs. E. Schaeffer and Mrs. E. H. Moore, Mrs. E. Cushing and Mrs. W. D. Wallan. The tea table was attractively arranged with a center piece of flowers in shades of gold and yellow with tapered lighted candles. Mrs. E. E. Barzee and Mrs. Edith Burnet poured. A number of high school students and visitors attended. The next club meeting will be Saturday night November 18th at which time the husbands will be the honored guests.

Mr. and Mrs. Pat Cody and Sharon Kay flew to Troutdale on October 26th.

Joe Hilderbrand of Wasco, Val Mille of Maupin and Forrest Taylor of Wasco flew cross country to Prineville this past week.

Two planes left the Wasco field on November 2nd for Troutdale. Gordon Rich piloting the Piper Cruiser and Pat Cody piloting the Taylor craft with Clarence Morrison as a student. All three returned in the cruiser, leaving the Taylor craft for a 100 hicheck. After the Hard Time dance on

YOUR Caterpillar Dealer SAYS:

LONG LIFE IS A "CATERPILLAR" FAMILY TRAIT. Case histories show that long-life records of ten, fifteen, twenty thousand and more hours of hard work are not unusual for "Caterpillar" Diesel Tractors. It has always been the air of "Caterpillar" engineers to build long life in these sturdy Diesels, and when war pressure lifts we can expect even greater long life features.

THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"
"In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"
"It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"
"Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control.'"
"Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

Halloween the Torque club entertained members and friends of the community at a weiner roast at the airport.

Catherine Fridley and Pat Cody made a cross country trip to Troutdale Sunday.

The rain has been very beneficial to the new runway and thanks to all the work put in on it by Elwood McPherson and other members of the club (it was possible for the first plane to land and take off from the new runway Sunday).

Although the charter membership is closed anyone is still welcomed as a new member, the only requirement being an active interest in aviation.

RULING ON GEESE

R. O. Scott, justice of peace at Wasco, has had the state and federal game laws interpreted. The ruling is that only two of the kind of geese usually found here can be shot in one day and only four can be in the possession of the hunter.
