"Astoria is fortunate to have PP&L electric service here"

says Randall Reed, Astoria Business Man

"It's a good thing for Astoria (or any other city, for that matter) to be served by a company like Pacific Power & Light—a company with resources and organization to meet not only the day-to-day requirements of a growing community, but one that can meet every emergency as well.

"Like hundreds of Astorians, I can remember the disastrous fire of 1922. That happened on December 8th. PP&L was right on the job, and the very next day, before the ashes had cooled, electric service had been restored over temporary facilities.

"I well remember when PP&L was organized—in 1910. Right away, electric service was improved here and rates lowered. Since then we've had many more rate reductions.

"Yes, we're mighty fortunate to be served by such an enterprising business organization—one that pays its own way, stays on the job, and meets every regular need and every emergency too."

Randall Reed is the son of Captain Granville Reed, early-day river pilot, who came to Astoria in 1862. His maternal grandparents came to Oregon across the plains—to Salem, and a few years later moved to Astoria.

The house in which Mr. Reed was born is still standing on the corner of Third and Bond Streets. He has memories of many unique experiences in the old Astoria, when much of the city was built on stilts over the water, and the boys fished through cracks in the Main Street sidewalks.

Often he rode with his father on Columbia River steamboats, and still remembers the thrill of seeing the steamer "Hassalo" shoot the rapids at Cascade Locks in 1888. He also rode on the first railroad train to travel between Astoria and Portland, an excursion trip in 1897 of the Astoria and Columbia River Railroad—winning the trip by selling souvenir badges to excursionists.

Mr. Reed went to work in 1899 in the Peterson & Brown Shoe Store. After the Astoria fire, he and Albert Grimberg started the present Reed & Grimberg Shoe Store in a tiny building on Exchange Street. Later they established their modern store at its present location on Commercial Street.
