MENS WEAR— FIRST FLOOR

Something to remember when you say "Welcome Home!"

Some of our boys have waited years to hear those two words.

What they've endured for the sake of hearing them is more than we like to dwell upon.

But those two words, "Welcome Home!" can become just an empty phrase if you forget, for one minute, your responsibility to the man you say them to . . . and to the several million men overseas who are still yearning to come home.

What you're talking about, of course, is your

responsibility to continue buying Bonds—and holding on to the ones you already have.

Your purchase of Victory Bonds helps the man who's just come home, helps him in a very real way. For your money, in Victory Bonds, helps prevent inflation—and that, in turn, means security for him, and a better chance to get a job.

And remember this: It will cost plenty of money to maintain and supply our forces of

occupation . . . to bring home the men whose period of service so richly entitles them to return . . . and to care for the sick and wounded in our Navy and Army hospitals.

No—the job isn't over. You didn't think it was, did you?

Then show that you know it isn't over! Show it to the boys who've come home—and to those who wish they could—by buying another Bond—today!
