This is about barbed wire (pronounced bob wire) which we have in stock and will part with for \$6.00 per roll.

More of it has been used for enemy tanglefoot lately than to keep cows from realizing their wanderlust. If you need some you'd better call because its not found everyday.

And if the little woman is going to raise fryers and eggs come spring we have chicken wire to keep her production machinery out of the garden with which hens collaborate heartily but expensively. Heights 48" and 72".

REAs Get Money

Federal loan funds totalling \$3,041,812 are now available to 14 REA financed cooperatives in Oregon to build or expand rural power lines as rapidly as materials and labor can be obtained, according to a summary received from the head office of the REA by the OSC extension service. The total includes \$2,052,312 which had been allotted up to May 1 as loans from authorized lending funds of previous years and \$988,800 allotted since that date from the fund authorized by year.

This rural power line construction in Oregon is expected to add its share of employment for men released from war jobs and returned servicemen. The type of workers to be used will consist mostly of truck drivers, men to dig post holes and clear rights of way, linemen and electricians to wire the premises of consumers, the REA leader reported. REA administrator Claude R. Wickard has urged the agency's 926 borrowers in 46 states to make special efforts to recruit the needed workers promptly so that the expansion program can proceed as rapidly as possible.

From past experience REA estimates that each new farm consumer will spend an average of \$225 each for new plumbing installations.

"Me... I'm staying in the Army!"

★

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!

- 1 "First, I keep my present grade. That means a lot.
- 2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.
- 3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.
- 4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.
- 5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added pp-reenlistment seems pretty sound to me!"

JANUARY 31, 1946

AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 30 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

PAY PER MONTH—ENLISTED MEN	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER:
