

### School Costs Up In State; Up In Sherman County

Taxpayer cost of public schools in Oregon for 1945-46 increased \$4,716,164 over the 1944-45 school year, based on all sources of revenue that support common schools.

In Sherman county, school districts taxed property \$31,887 more for the current school year than they did for the 1944-45 school year.

Sherman county's total increased taxpayer costs for public schools, 1945-46 school year over 1944-45 school year, were \$41,140. This increase in total school costs includes the county's share of \$3,000,000 more of income tax revenue that was distributed to schools during 1945-46. For the two school years, 1944-46 and 1946-47, a total of \$8,000,000 of state income tax revenue has been diverted to reduce property taxes for local school district purposes.

Throughout Oregon, \$1,521,970 more taxes levied on property for school purposes in 1945-46 than in 1944-45. To obtain the total increased cost of public schools in Oregon for 1945-46 school year, the \$3,000,000 additional income tax revenue diverted to reduce property taxes, must be added to the \$1,521,970 increased property tax; also the increase of \$148,022 in the \$10 per pupil tax levy made by each county.

For Sherman county, in 1944-45 school districts levied a tax on property of \$66,034. For 1945-46 they levied \$97,921, an increase of \$31,887. In 1945-46 Sherman county schools received \$9,253 more

**WASHED ABOARD . . .** One of the luckiest of men to arrive in New York City recently was Fred McCarthy, Boston. Homeward bound he was washed overboard. Another wave tossed him back on the deck of the SS George Washington.

from the state school support fund than they received the previous year.

**HI-WAYS TO HEALTH**  
by ADA R. MAYNE  
**OREGON DAIRY COUNCIL**

This is the very-worst time of year for colds. Most of us are inclined to blame variable weather when we suffer the discomfort of a cold, but avoid assuming the responsibility for the cold ourselves. We know, of course, that some people are more susceptible to colds than others, but at the same time we are assured that one can build up a resistance to common colds and like infections through a diet providing foods rich in the vitamins A and D.

Milk is an excellent source of vitamin A. It is also a good source of vitamin D, of vitamin B milk is purchased. But the fact that milk is rich in the vitamins that protect against colds doesn't mean that milk is a cure for colds. And it doesn't mean that milk is a fool-proof protection against catching colds. It does mean, however, that milk products in the diet will build up a resistance to colds and will help you through a cold more quickly than would otherwise be possible.

On these cold nippy days there is no more attractive way of serving milk than in soups and snowders.

### CLAM CHOWDER

1 qt. clams with liquor  
1-4 lb. salt pork  
2 medium onions, sliced  
3 cups diced potatoes  
2 cups boiling water  
4 cups milk 1 tbl. butter  
1 tsp. flour Salt and pepper  
Drain liquor from clams, strain and reserve. Chop less tender parts of clams fine. Dice salt pork and cook until golden and crisp. Add sliced onions and cook until light yellow. Add potatoes, chopped clams and boiling water. Simmer, covered, until potatoes are tender. Add milk, soft parts of clams and heat. Just before ready to serve add clam liquor which has been heated to boiling

point and thickened with the butter and flour blended together. Season to taste with salt and pepper. Serves 6.

Cream of Tomato Soup  
2 1/2 cups cooked or canned tomatoes  
1-4 cup sliced onion 1 tsp. salt  
1-8 tsp. pepper 2 cups milk  
1 bay leaf (if desired)  
2 tbl. butter 2 tbl. flour  
Combine the tomatoes, onion, and seasonings. Simmer for 10 minutes, then strain. Melt the butter, blend in flour, add milk and cook, stirring until smooth and thickened. When ready to serve combine the hot tomato and white sauce slowly, stirring constantly. Serve immediately. Serves 6.
