MIKE AND MARY ANN MULICK

IN 1871 THE SUN LIFE OF CANADA issued its first policy from a small office in Montreal. In 1895—an important date in the Company's history—the organization was extended into the United States where, from coast to coast, it now maintains a highly efficient branch office and agency service. The Company's growth is significant proof of wide public acceptance. Through three quarters of a century, during which wars have scarred the earth, and mighty inventions and discoveries have altered man's destiny, the Sun Life of Canada has met successive opportunities, expanding as life and industry took on new shapes and aspects. In 1895—at the end of the first twenty-five years of operation—the assurances in force amounted to \$35 million. At the end of fifty years—in 1920—this amount had risen to \$488 million. Today, after seventy-five years of public service, the Sun Life of Canada holds a leading place among life assurance companies with well over one million policyholders, and assurances in force of \$3,390,372,327. The Company's financial strength and high standard of service are indeed worthy of the finest traditions of a great time-honored enterprise.

From the 1945 Annual Report

Benefits paid since Organization \$1,800,672,431
Benefits paid in 1945 \$90,226,067
Assurances in force \$3,390,372,327
