### FOR SALE

I am offering for sale my own Cherry Creek Stock Ranch, which consists of more than 50,000 acres of deeded and leased lands.

This ranch lies in the heart of Central Oregon's best bunch grass range. This ranch starts at the John Day river, at an elevation of 1500 feet, and extends for 15 miles to the mountains, an elevation of 6000 feet, which makes it an ideal all the year around stock ranch, without taking them from home.

This ranch is well watered and will cut plenty of hay, and will take care of 1500 head of cattle the year around. It has two good sets of buildings and corrals, and is all fenced and cross-fenced. The price is \$125,000, and long, easy terms can be had at four percent interest

If interested get in touch with H. H. SCHMITT, Phone 386, Prineville, Ore.

THERE IS A MARKET FOR BALED STRAW—A small, automatic, tractor drawn and tractor operated hay baler, designed for the farmer's own use, is new equipment for postwar.

In Sherman county straw could be baled direct from the combine or later from windrows. Baled hay is easier to handle, store or sell.

J. K. McKean Company
