

Six Steps to a Veteran's Loan

The six vital steps in arranging a Veteran's Loan—be it for town property, farm, business, or equipment—are described in a recent pamphlet, "Guaranteed Loans for Veterans," published and distributed by the Loan Guaranty Division, Veterans Administration, Washington 25, D. C. The pamphlet also answers 50 of the most-asked loan questions. It's free for the asking. Letters should specify the questions-and-answers. "Guaranteed Loans for Veterans" publication. The steps follow:

- 1 Find the property**
- 2 Go to a bank or other lending agency**
- 3 Present your plan and original discharge papers**

the Promised Land

Truly the land of promise... Opportunity Corner is for every business looking forward to greater development. Nature's mountains, plains, rivers and ocean combine with skilled minds and machines to make the Pacific Northwest a fulfillment. To those modern frontiersmen of business, who wish to push on from dreams to reality... this is your home.

A land where apple trees bear twice as much fruit as the national average... where cows yield 25% more milk... where rich acres yield 64% more potatoes... 63% more wheat, according to Department of Agriculture statistics.

A land where foothills and mountains nestle mines and smelters working rich ores... where forests yield the nation's largest lumber supply... where electric power is abundant and cheap... where waterways yield rich commercial fishing and irrigation.

A land of pleasant homes and friendly neighbors... where people are content, killed, hard-working and intelligent... where city, village and farm are united in determination that the riches of their lands shall go out to help America live better.

A land where you can take a relaxing "vacation" every week-end... where the sea, the mountain beauty, the swifling rivers are at your very doorstep... a land across whose threshold lie the wonders of Alaska, Canada... and the Orient.

Opportunity Corner

Millions of Americans are reading the wonderful story of the Pacific Northwest. Six striking advertisements, such as the one shown here, are beginning to appear in widely distributed national magazines and newspapers. They tell of the opportunities that are here for business, industry, homemakers and vacationers.

This forward-looking advertising program is an investment in the future of all of us who have a stake in the great Northwest country.
