7. Kithitas County PUD	2.92c
8. Klickitat County PUD	2.99c
9. Lewis County PUD	3.42c

Above PUD figures are from latest available reports of the Bonneville Power Administration and include all Public Utility Districts distributing Bonneville-Grand Coulee Power to the general public for at least 1 year. PP&L figure is for 12 months ending June 30, 1944.

PUD electricity actually costs the public more than this table shows, because Washington and Oregon PUDs have levied and collected \$2,700,000 in taxes... to spend as they see fit! On the other hand, Pacific Power & Light has paid into the public treasury a total of \$10,611,556 in taxes in the past ten years alone!

Report to people who are waiting for telephone service

**We are rushing the equipment you'll use**

From V-J Day through June 30, the number of telephones in service has been increased by 277,000, of which 206,000 were added in the first six months of this year—an unequaled increase for any corresponding period in the history of our company.

Thousands of additional telephones are being installed each month but there is still a tremendous job to be done. The Pacific Coast is continuing to grow at a rapid rate and new applications for service have been pouring in at double the rate of the corresponding period a year ago.

But we are rushing the equipment needed to fill all orders just as soon as humanly possible. We are hurrying construction on more than 70 new buildings and building additions, installing new equipment in almost every exchange, stringing thousands of miles of wire.

Your telephone is on the way; we will get it to you as quickly as we can. Thank you for your patience.
