ANNIVERSARY No. 1

We've been here a year come Sunday and it has been a grand year. We've met fine folks who made us feel at home and helped get started right.

By the end of another year we hope to have more building materials, hardware and machinery to sell and that looks likely now.

We have had a fine time while here in Moro and we hope to stay a long while and have many anniversaries of our arrival.

We thank you for your patronage and friendliness.

After application, PESTROY DDT particles rise to top of coating, form crystalline film. This DDT film kills insects that touch it. DDT, absorbed through nerves in bug's feet, causes paralysis—brings sure death to flies, ants, mosquitoes, roaches, moths, silverfish, many other insect pests. And PESTROY DDT *keeps killing*, day after day. A new type of synthetic resin binds PESTROY to any surface, prevents brushing off, blowing away.

Doing her best to serve you promptly

Right now, our boards are busier than they have ever been before...so busy it is not always possible for our operators to answer your call as promptly as they would like.

The reason is that we are serving more customers...who are making more calls...than even at the war-time peak.

New equipment is on the way...millions of dollars worth up and down the Coast...to take care of our waiting applicants and to furnish a better service than ever to all telephone users.

We assure you that our operators are doing everything they can to furnish you the prompt and courteous service you have become accustomed to...*Thank you.*
