Report to people waiting for telephone service

Pacific Coast's amazing growth makes job bigger than ever. We are adding equipment and installing telephones just as fast as conditions permit... at a faster pace this year, in fact, than ever before.

But continuing shortages of equipment and restrictions on building construction have so far made it impossible for us to keep pace with the Pacific Coast's spectacular growth. Though we have already added more than 253,000 new telephones during the first eight months of this year and every bit of our equipment is working to capacity, there is still a big job ahead. You can be sure we are doing everything we can to get your telephone to you as soon as possible.

Thank you for your understanding and patience.

LET NO SHADOW DARKEN YOUR DOOR

The possession of an overcoat or a sack full of groceries is usually proof of complete ownership. Such is not the case with land. Because of its immobility and permanence, as well as its variety of uses, land is peculiarly liable to complications and dispute.

A Commonwealth Insured Title protects your property against unsatisfied claims which often lurk among the mortgages, transfers, liens and other other legal complications through which your property may have passed under former owners.

Every Commonwealth policy is guaranteed by funds deposited with the State of Oregon. When you buy, be sure your property has this protection.
