GIVE EVERY OREGON CHILD AN EVEN CHANCE

The assessed property valuation behind each Oregon school child varies from \$2,122,900 a child in one district to \$453 in another. This inequality exists because school funds are raised almost entirely by the district. Give every Oregon child a chance to have a good education by putting Oregon schools on a sound financial basis.

One always stands out

*"RHAPSODY IN BLUE" is a modern symphony which has played itself into the hearts of Americans throughout the land. First performed at Aeolian Hall in New York, February 12, 1924, it fast became recognized as a symphonic jazz classic. Other musical interpretations of life in these United States have since been written, but among them all, "Rhapsody" stands out.
