#### Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimming" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation. And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly. From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimmings" too.

Report to people who are waiting for telephone service

Telephones are going in fast...

But the Pacific Coast's growth makes job bigger than ever

Despite severe shortages of materials, we have added telephones at a record pace this year. So far, more than 305,000 have gone into service.

Still, there is a tremendous job to do before we can catch up with the Pacific Coast's spectacular growth and provide service for everyone who wants it. Millions of dollars worth of additional equipment must be manufactured and installed to take care of the orders on hand and new applications which continue to pour in every day.

You may be certain that we are doing everything we can to hurry the day we bring your telephone to you.

Thank you for your patience and understanding.
