Veteran Insurance Information Given

How long will I be able to carry the World War II National Service Life Insurance that I bought in service?

A. National Service Life Insurance is issued originally upon the 5-year level premium term plan which was extended three years for all policies issued before January 1, 1946. However, veterans have the privilege of conversion after one year from date of issue to permanent plans. The law provides that all level premium term policies shall terminate at the expiration of the term period unless exchanged for permanent policies on or before the expiration date. If term insurance has been converted, it remains in effect as long as the premiums are paid.

Q. May I claim my husband as a dependent in my income tax report even though he is receiving compensation for disability incurred while in the service during World War II?

A. A veterans compensation or pension is not subject to federal income tax. Therefore, if you are the family breadwinner you may claim exemption for him.

An auto accident costs the average victim over \$500 if he is a car owner, it has been unearthed by the National Conservation Bureau in a study in Lansing, Michigan.

George G. Updegraff
