MISSING HEIRS threaten ownership!

• If you were the first and only owner of your real estate, your title to it might go unquestioned. But joint ownership can complicate matters, as the Browns* discovered. When they bought a new home in Oregon, their realtor ordered a Commonwealth Insured Title.

The court records showed the seller was the sole heir to his immigrant father's estate. However, the court records proved faulty. Over a year later seven European brothers and sisters of the seller laid claim to the property as heirs of their father's estate and established their claim. Commonwealth assumed the entire loss and paid them off. The Browns kept their home, thanks to a Commonwealth Insured Title. Ask your experienced realtor, attorney or banker about the many advantages of a Commonwealth Insured Title.
