

Published Every Friday at Moro, Oregon. Editor: Giles Le-French. Entered as Second Class Matter at the Postoffice at Moro, Oregon under Act of Congress of March 3, 1879.

RAIN AND CROPS. Newspapers that reported with apparent sadness the total demise of hopes for a wheat crop...

STREET NAMES. The directions for watering lawns given in last week's issue served to confuse as much as to inform, it now appears. Reason was that residents did not know the name of the city's streets.

DPs TO AMERICA. The suggestion seems to be gaining ground that the United States should admit some 400,000 displaced persons from Europe.

FEEDING EUROPE. One might learn from a bit of reading that Europeans don't take to the things we send them for food. Potatoes, for instance, are not quite the thing and now they scorn our surplus corn...

of obtaining provender. The method was merely to wait until the calf was hungry—good and hungry, so he kept his head down in the bucket and sucked on the spread fingers as if he liked them.

A little patience, yes, a little time.

GRANGE AND SALES TAX. It is conceded that the state grange now in its annual session will continue its opposition to the sales tax. That there will be more opposition to it this time is not surprising...

Although the grange and labor takes the lead in opposition to the sales tax the bulk of the opposition—usually about two-thirds of the voters—comes from average citizens who have no intention of deliberately voting a new tax onto themselves without some very definite benefits.

Oregon doesn't need any new money, anyhow, although it does not have enough to pay for all the things some groups want the state to buy.

In Oregon all income and excise tax revenue must be used as an offset to property taxes. They have been doing this nobly of late years. We now offset all state property taxes, the elementary school fund, the new basic school fund, and expect to offset the county school fund...

Will YOU lose your home? If your property has passed through many hands, title to it becomes a complicated matter. You could even lose your home. Take the case of Mr. Jones. Shortly after his family was settled in a new home he found a deed to the property had previously been recorded by another party. Jones had to go to court to save his home. A Commonwealth Insured Title search would have revealed this double claim to ownership and probably prevented a costly lawsuit. Your deed alone is no assurance that property is yours. If a Commonwealth Insured Title shows you own the property, you are protected against such claims. Avoid fear of loss. Have full protection of ownership. Ask your experienced realtor, attorney or banker about Commonwealth Insured Title. \* A true story except for the name. Sherman County Abstract Co. Moro, Oregon. Commonwealth Insured Title.
