SHERAR BARN FOR SALE

Sealed bids will be received until Monday, October 20, 1947, at 12 o'clock, noon, for the barn and adjoining building at Sherar's Bridge. The barn is 60 x 80, built of huge timbers, that are still straight and sound. Many of the long timbers cannot be duplicated in this day. Purchaser is to remove the buildings forthwith and to burn all rubbish and clean up the premises. Purchaser becomes owner upon acceptance of bid. The Eastern Oregon Land Company will give bill of sale immediately.

Send bids to Giles L. French, Moro, Oregon.
Owner reserves the right to reject any or all bids.

Diary of Barbara, our newest operator

"First day at work... and I wasn't a bit nervous! I thought I would be, but the girl who is teaching me was perfectly wonderful. I practiced on a special board with one other girl and we had a lot of fun laughing about our mistakes. The work is interesting... and I'm paid regular wages while in training."

"I met lots of friendly girls in our comfortably-furnished lounge... that's where we get acquainted and enjoy refreshments during leisure periods. All the girls I've met seem to feel that being a telephone operator isn't just another job... they say it's a real opportunity for a girl to do helpful, important work that benefits everyone in town."

"I'll get three raises the first year, then a week's paid vacation... two weeks after two years. I know I'm going to love my job..." We want you to enjoy your job, Barbara. You'll have the security of sickness benefits and a fine pension plan, too. And it's important work—the life of the community and of the country flows through your magic switchboard.

How Working Dollars... Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from tele-

phone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.
