This Emblem Identifies Great Trucks

Yes Sir! We're sincerely grateful to our Customers and Friends

Demand for International Trucks has been greater than supply. Our customers and friends know that. And our customers and friends have been patient and cooperative.

But a few people seem to think that what is called a seller's market is a bed of roses for the seller. Believe us that just isn't so. Our business is in this community; and when things pile up so we can't take care of our customers and friends as fast as they'd like to be taken care of, we're not in a spot that we enjoy at all.

But there are two things we're proud of: One is the service maintenance we've been able to furnish to keep International and other trucks on the job and to hold operating costs down.

The other is the fine cooperation we've had from customers and friends. Our customers and friends have been mighty understanding; and we want to say, publicly, right now, that we deeply appreciate the fine spirit they've shown.

We urge truck operators now to do two things:

1. To continue to use our truck maintenance service for trucks now in operation. That way they'll get best results until new trucks are delivered.
2. To place with us promptly the specifications for the new trucks they need. That way they'll help us make the earliest deliveries possible.

IS IT REALLY YOURS?

Without an Insured Title you can't say property is really yours. Some day it might be challenged. The Smiths found that out. A young man sold them his big, roomy, old-fashioned house for their restaurant. The sale went through. The Smiths moved in. Later the seller's guardian claimed the sale was no good. The seller was a minor and could not give a valid deed. If a Commonwealth Insured Title had been ordered, the Smiths would have been warned in time to avoid this loss. Commonwealth Insured Titles are backed by a strong company that insures you against loss and defends your interests. To get this protection for a single premium, ask your experienced realtor, attorney or banker about Commonwealth Insured Title.
