Snow began falling Wednesday evening and all day Thursday in a blizzard from the east. About a foot of snow fell on the level with drifts from four to six feet deep and some deeper. The temperature was around zero and on Friday morning it was six below zero. There was no school Thursday or Friday as the roads were blocked. The state and county highway crews worked night and day to open the roads, most of them were opened so school was resumed Monday morning. A chinook wind started blowing Saturday night and all day Sunday melting
