Here's a Story of
"Big Business"

Any story of Canada's largest life assurance company — the Sun Life Assurance Company of Canada — is a story of "big business" because more than one and a half million people the world over are safeguarded by the protection and security of Sun Life policies.

The ever-growing goodwill which is enjoyed by the Sun Life of Canada is due to the diversity and liberality of the Company's life assurance policies, to the character of its representatives, and to the promptness and efficiency of its service to policyholders, throughout its entire 78 years' history.

Last year alone, payments amounting to more than \$100,000,000 were made to Sun Life policyholders and beneficiaries.

THE SUN LIFE STORY of 1948 is made up of many thousands of individual records, each a simple human document, yet of vital importance to those concerned:

The Story of Mrs. M.B.H.... is a tragic one. She lost her husband in an automobile accident and was left alone with three young children to care for. But to her husband, responsibility reached beyond death, and his Sun Life Family Income policy provides for the family until the youngsters are grown up, and then gives to the widow a regular income for life.

C.J.S. Was a Good Salesman... who all his life looked ahead. Thirty years ago he paid his first premium on a Sun Life Retirement policy. Last October he made his final business trip and

now, at 65, he enjoys the leisure that his foresight made possible.

T.L.M. Bought a Business... and is now his own master. He planned this when, on graduating from college, he took out a Sun Life Endowment for assurance protection as well as systematic and easy saving. The Endowment matured recently, providing the means which enabled him to take advantage of a great opportunity.

No Need of Charity In the small industrial plant owned by D.B.L., 100 employees never have to pass the hat when a bench pal dies. Like hundreds of thousands of workers in other industrial and business organizations large and small, they are protected by Sun Life Group Assurance, an effective instrument for good employee-employer relations.

Yes, there are thousands of such cases in the Sun Life story of 1948 — a story of service to the public, repeated year in, year out.

From the 1948 Annual Report
Benefits paid to policyholders and beneficiaries during 1948: \$105,846,413
Total Benefits paid since the first Sun Life policy was issued in 1871: \$2,126,727,233
New Assurances issued during the year: 574,632,547
Assurances in force: \$4,089,234,152
