## YOUR EASIEST WAY TO FIND THINGS

A handy guide to folks who serve or sell—the Yellow Pages are an "extra" that makes your telephone more valuable

1. Need first aid for a lacerated paw? The Classified Section of your telephone book can give you the name of your nearest veterinary—fast. Day in and day out, the Yellow Pages are ready to help you meet emergencies... or answer routine "where to find it" questions. Classified is an important part of your telephone service.

2. A happy solution—that's Classified's specialty. Each easy-to-find listing gives the address as well as the telephone number of the store or service you want... if you want to go in person, you can find the spot closest home. Many articles are listed by brand—along with stores selling them—if you're looking for a particular one.

3. It's a market place that stays by your telephone. Classified's job is to bring buyer and seller together—quickly, easily. In a recent survey, some three out of every four people said they use it often or sometimes... and they mentioned hundreds of different businesses or services they remembered reaching through the Yellow Pages.

4. Your telephone serves in many ways—Classified is one often taken for granted. But it's part of what we do to make your service valuable. Today you can reach more people—more can reach you. Yet the cost of service remains low. A call is yours for just a few pennies... a real bargain in these days of high prices.
