### MAKES A BUSINESS OF BICYCLING

Thousands of Seaside's annual vacationists ride rented bicycles enthusiastically as a beach pastime. Energetic Gordon Shaw in 1933 foresaw this popularity; decided to serve the public's fancy. He quit law school and started his South Prom Bike Shop near the Lewis and Clark turnaround. Business grew slowly, but today Shaw must hire assistants to help meet demands for bikes, tandems, tricycles and baby strollers. Shaw, active Seaside Chamber of Commerce official, also finds time to operate his large "Prom" apartment building. He's a long-time customer of First National's Seaside affiliate, the Clatsop County Bank.

### TURNING JUNIPERS INTO DOLLARS

In 1930, Vearl and Elsie Lehrman of Bend began making novelties from Central Oregon's juniper trees. With a gift lathe, powered by their washing machine motor, Lehrman turned out colorfully-grained items of his own design. Today their Western Juniper Novelty Co. is in a new building, with living quarters, modern shop and display room. They have mastered the individualistic wood, learned the public's sensitive tastes and developed far-flung sales outlets. "Ours is a product typical of Oregon which First National helped us develop," Lehrman says.

## BUILDING OREGON TOGETHER

In all parts of Oregon people are working to better themselves - and in the process keep our state growing. We introduce some of them here. In each case they've made effective use of the constructive services of our First National Group banking offices. We believe that by helping individuals toward prosperity, we help build Oregon - family by family, farm by farm, business by business. Whether your financial needs are large or small, come in and talk over your situation with us. - "Let's Build Oregon Together."

### MEET JIM THOMPSON, STAR FARMER

Jim Thompson of Salem was Star Farmer of America in 1942. In high school he ran a 120-acre ranch, starting by purchasing 50 acres. Sheep, hogs and cows brought him profits. A prized memento of his Future Farmer of America title is his Oregon Bankers' Association trophy. After FFA days Jim raised beef cattle. Now he's developing an orchard and seed crop ranch in Salem's Waldo Hills district. Jim's wife is his schoolgirl sweetheart, Eunice Johnson - and there are Donna, 6, and Dickie, 3. Says this topnotch farmer: "I especially appreciate the help First National gave me as a youngster."

## 'Old-timer' has a special meaning at Standard

They say you're not really an "old-timer" at Standard until you've been on the job at least 20 years...and at 30 years, there's a special company award: a gold watch and six weeks' vacation with pay.

That's appreciation of a man's service to his company, of course, but it also illustrates a principle we believe in for all employees - good people in good jobs serve you best, and we do everything we can to make jobs at Standard good.

Security, good pay and working conditions, advancement from within, free insurance, annuities at retirement are all part of making that principle a reality.

The average length of service of all our 17,890 parent company employees is slightly more than 11 years. And the 20-year "old-timers"? Fully 4,856 are working with us today
