49 PONTIAC

A Product of General Motors

Distinguished by a Beauty All Its Own!

There's an unmistakable stamp of distinction about the new Pontiac. It's a beauty from the front and from the rear! Wherever you see its "Silver Streak" styling—in city traffic, on the highway, or silhouetted at the curb—you know immediately that it's a Pontiac and something very special among automobiles.

Pontiac's performance is equally unmistakable—thanks to Pontiac's great power plants, the straight eight or six, and to the amazing convenience of GM Hydra-Matic Drive.* And remember, Pontiac is still the lowest priced straight eight in America!

Why not come in soon and get the whole Pontiac story?

SAFE-T-NEW DRIVER VIEW! Pontiac's wide, optically curved windshield, plus wider windows and slimmer pillars all around, gives you a new driving horizon.

*Hydra-Matic Drive optional at extra cost.

ARSTILL MONROE PONTIAC, INC.

MORO,

OREGON

You were there yesterday, of course

and saw the 4-H clubbers show their fat calves in the arena. You could see some pretty fancy horseflesh too because there's more horses in the barns than ever before.

and today

you'll come so's to be on hand when riders from five counties come galloping into the arena to show their prized ponies in drill and race and tricks. There will be visitors from afar and the local folks will be out to see.

tomorrow,

that's when the bucking begins, that's the day the Brahmas toss their riders and clear the arena of watchers. The buckers are of the best, tried in many shows, professional

and good because professionals have to be good. Calf roping, bulldogging will be done by the best boys in this broken shoulder and twisted knee business.

and Sunday

will be the last chance to see the county's best on display.

We'll meet you at the horse barn
