Sitting on top of the world!

That's where most of us would like to be—free from financial worry—sure that our future, and the future of those we love, is well taken care of.

Well, there's a good way to start the climb to this enviable perch: buy U. S. Savings Bonds on the Payroll Savings Plan where you work—or, if you're not on a payroll, buy them on the Bond-A-Month Plan where you bank.

You see, the future takes care of itself when you save this simple way. That's because your savings are *regular, automatic!* There's no chance to forget to sock that extra buck away!

And when it comes time to send the boy to college, buy your new home, or whatever it is that'll put you on that polar cap up there, you'll have the money to do it!

So, reserve your seat now—sign up today for one of the plans mentioned above. And remember, not only are U. S. Savings Bonds backed up by the strongest country on earth, but in ten years they pay off \$4 for every \$3 invested!
