

Moro

Quite a group of Moro people went to Klamath Falls to see the Mallin team beat the locals 28-0 last Saturday. Among those joining were Wily Knightens, Ted Thompsons, Dewey, Don and Keith Thompson, Wayne Melzer and his mother, Mrs. Carl Melzer, Richard O'Meara, Collis Moores.

Mr. and Mrs. Lester Barnum and sons left Wednesday for Portland to spend the Thanksgiving holidays with Mr. and Mrs. Fred Kurillo and daughters.

Mrs. E. E. Barzee was taken to The Dalles hospital last week suffering from a heart condition.

CARD OF THANKS
We wish to thank our many friends and neighbors for their kindness and sympathy during the recent loss of our father and for the lovely floral offerings.

The Everett family

Tightly-Drawn Bolts **Deeply-Drawn Corrugations**

BOLTING—The Strong, Tight Method of Covering Steel Buildings Proved By More Than 30 Years Use

There are only 3 practical ways of fastening metal together—welding, riveting and bolting. Bolting has proved to be the best way of tightly fastening sheet metal to structural. Butler Buildings, erected 30 years ago, stand today without a loosened bolt, leaky fastener hole or rattling sheet.

Also, in more than 30 years, no method of stiffening and strengthening metal sheets has been found that approaches the Butler deeply-drawn and shouldered corrugations.

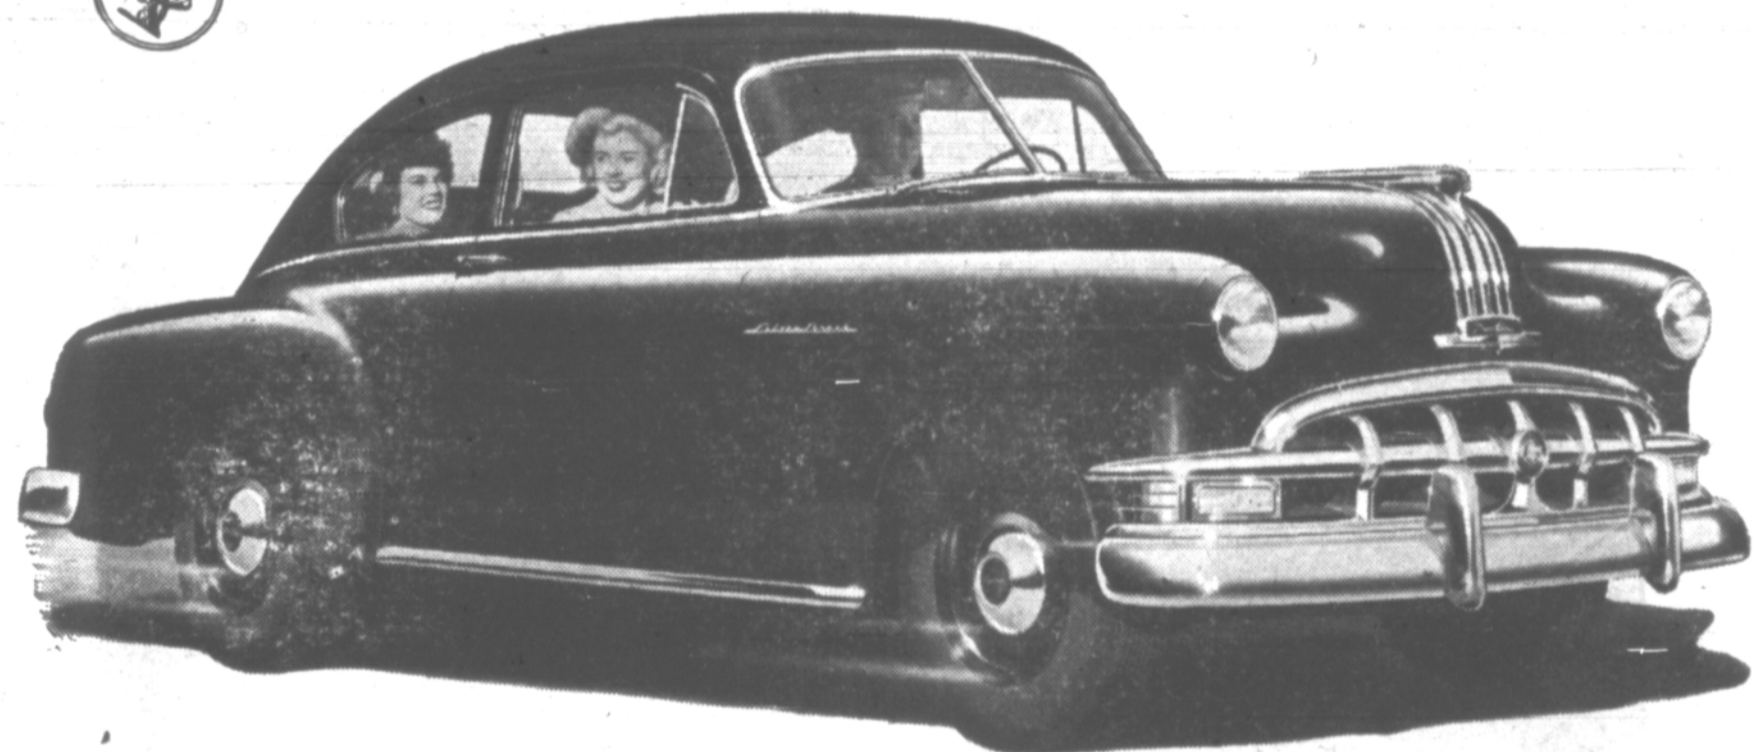

Complete Line of Sizes: 20, 32, 40, 50 and 60 ft. widths. Lengths variable.
