They said we couldn't even pay our bills

It can happen right on your block... Kids hear things, kids repeat things, and all too often some undeserving youngster comes home in tears.

You owe your youngster and family protection against this kind of attack. You owe them financial security. And...

The best way we know about to find financial security is through the regular purchase of U. S. Savings Bonds.

U. S. Savings Bonds are the safest, surest investment you can make. You can have them purchased for you automatically, through the Payroll Savings Plan where you work or—if this method is not available to you—through the Bond-A-Month Plan where you bank.

Remember—U. S. Savings Bonds pay you 4 dollars for every three invested, in ten years!

Automatic saving is sure saving—U.S. Savings Bonds.
