## Spark Heaters

### BURN DIESEL OIL, TOO!

Unusual in their field, SPARK oil burning heaters are not restricted to the use of one type or grade of heating fuel. Diesel oil, the fuel used by modern trucks, buses and locomotives, is a typical example of SPARK'S versatility:

Last winter, thousands of homes were heated by SPARK heaters burning common diesel oil—heated safely, cleanly, efficiently. SPARK heaters also give clean, efficient heat using No. 1, No. 2 and No. 3 oil!

See your SPARK dealer for a demonstration of the versatile, years-ahead SPARK oil burning heater.

FOR COMFORT THIS WINTER:  
Prepare now! For greater convenience and a steady, assured supply of oil—install a large size oil storage tank, 275 gal. capacity or larger.
