The community party held at the I.O.O.F. hall Saturday evening sponsored by the Grass Valley Rebekahs was attended by about seventy persons. The evening was spent dancing with refreshments served later in the evening.

Mr. and Mrs. Kenneth Crews and Don Smith and son, Larry, were in The Dalles Wednesday on business.

**HEY! FELLOWS, HOWYA LIKE THIS? . . .** This young fellow is not a fugitive from an Orson Welles broadcast. It's Stefan Olsen wearing a "Man from Mars" helmet by which means he's actually controlling the flight of the sound control glider. The helmet contains a tiny radio transmitter which can broadcast through an amplifier to control the glider at distances of 400 feet. The glider can be flown out, turned and flown back to hand. This fascinating gadget is one of thousands of new toys available now.

Art Bibby went to The Dalles Saturday to meet his son, Stephen, who came up from Portland to spend the week end with his parents.

The Grass Valley grad school basketball team defeated the Kent team 32 to 14 in the local gym last Tuesday afternoon.

Mr. and Mrs. Don Marsh of Hood River were over home guests Wednesday at the home of her parents, Mr. and Mrs. Donald Clodfelter.

## Sun Life of Canada Increases Dividends to Policyholders

1949 was a good year for Sun Life. Organization in strong position with nearly 50% of entire assets invested in United States. Total benefits paid last year \$114 million.

With \$18 million—a substantial increase over 1948—allotted for policyholders dividends to be paid during the current year, the Sun Life Assurance Company of Canada enters its 80th year of public service with a promising outlook for 1950.

The Sun Life has been active in the United States for over half a century and today maintains branch office and agency service in 40 states from coast to coast.

During the year just past, the total amount of life insurance which policyholders purchased from the Sun Life exceeded \$372 millions, continuing the unbroken record of selling more new life insurance per annum than any other Canadian life company. Insurance in force with the Sun Life now amounts to \$4,187,000,000, an all-time high. Total income of the Company in 1949 was \$238,000,000.

The 79th Annual Report of the Sun Life of Canada just issued indicates the Company's faith in the United States where more than 48% of its assets are invested and where \$1,690,000,000 or 40% of its total business is in force.

Benefits paid to Sun Life policyholders and beneficiaries since the Company's first policy was issued in 1871 have now reached \$2,240,000,000. Last year alone over \$114,000,000 was paid out in benefits.

At the Annual Meeting held at the Head Office of the Company, the President, Arthur B. Wood, reviewed the remarkable progress of life insurance over the last 50 years. In 1900, with a population of 76 millions, the United States had life insurance in force of some 7 billions, or about \$90 per capita. Today the population has almost doubled but life insurance in force has

risen to \$215 billions, or \$1430 per head. The Sun Life's own business has more than kept pace with this increase, today's total in force of \$4,187 millions comparing with only \$53 millions in force at the beginning of the century. During these 50 years, too, Sun Life policy provisions and privileges have been broadened, available options increased and many new benefits introduced. Even before 1900 the Company was the first to introduce the "unconditional" policy, following later with the popular Sun Life non-medical insurance plan. The Company also issued the first Group Pension policy written anywhere in North America, an epoch-marking event in the history of life insurance.

One of the outstanding features of Sun Life operations during 1949 was the pronounced increase in the Company's Group business. Hundreds of thousands of office, factory and other employees in business and industry throughout North America are today protected by the generous terms of Sun Life Group insurance and annuity plans. The Company's experience and service in this particular field is unsurpassed. Today, the importance of Group insurance is recognized by all those concerned with the encouragement and maintenance of good relations between management and labor, and the welfare and social security of the individual employee.

The Sun Life story for 1949, including the President's address as delivered at the Annual Meeting, is contained in the Report to Policyholders now on the press. Copies may be obtained on request from any of the branch, group or mortgage offices of the Company, or from Stuart Johnson or A. M. Weaver, C.L.U., Manager, Public Service Building, Portland 4, Oregon.
