

Moro

Mr. and Mrs. Bob Carpenter, nee Florence Gentry, and small son, are visiting at the Earl Gentry home coming from Portland.

Mrs. Walter Lavender is reported to be sufficiently improved that she will be able to leave the hospital soon.

Ralph Busse left on the streamliner Monday night upon receiving word that his mother was very ill at her home in Brooklyn, New York.

Mrs. Mary Eva returned home last week from a trip to Mexico on the Journal train. She left in late January in the proper time to miss the cold weather here. She reports a fine trip in warm weather and some very interesting things to see. Others on the tour were Mrs. B. Estrella Halley of Wasco and Mr. and Mrs. W. H. Ragsdale of The Dalles.

Mr. and Mrs. Giles French came home Saturday night after spending the week end at Eugene in attendance at the Oregon Press conference.

Mr. and Mrs. G. Douma drove to Bend Sunday to visit relatives.

Born: Leo Willard Coelsch, weight 9 pounds, February 20 at the Mid-Columbia hospital in The Dalles. Parents: Mr. and Mrs. Stan Coelsch, Moro.

Misses Connie Wilson and Priscilla Melzer were home last week end from Corvallis where they are students at OSC.

Old rugs or old wool clothing wanted by the women of the Community church to be made into a floor covering for one of the new rooms. Leave at the Depot or call Mrs. Dewey Thompson, Moro.

Stan Coelsch and his mother who is here for a visit from her home in Eugene, and Mrs. L. V. Moore spent Tuesday in The Dalles visiting relatives.

Thursday afternoon the water in the main canyon through Moro rose higher than before this year and broke out of the channel made for it last summer. The trailer cabins of Fred Walter and Oren White were endangered by rushing-muddy water.

The Pomona Grange will meet at Hardlandview next Saturday afternoon at one o'clock. Prior to the meeting there will be a dinner. Cully Reed will tell about the methods of spraying 2,4-D and other Pomona business will be transacted. Walter Bruckert is master.

CARD OF THANKS
We wish to extend our sincere thanks to the kind friends and neighbors who assisted us and sent flowers at the time of the death of our mother, Mrs. Rebecca Coryell.

From where I sit... by Joe Marsh
How to Get That Homework Done
Miss Gilbert, our grammar school principal, spoke the other night at the regular Parent-Teachers' meeting, on getting children to do their homework when they want to listen to the radio.
"We mustn't give them a flat 'no,'" Miss Gilbert said. "If we adults really believe in tolerance and moderation, we should instill these qualities in our children. Listening to the radio is fine—in moderation—as long as homework gets done, too."
From where I sit, the lady was dead-right. This radio vs. home-

work problem is a wonderful way to see to it that our youngsters acquire the sensible moderate habits they'll need later on.
I've never believed in hard and fast rules—except where absolutely necessary. Let the other fellow do as he likes, as long as he's temperate and tolerant. Guess that's why I've never felt we should quarrel with the fellow who is partial to a glass of beer—the "Beverage of Moderation."

WOMEN HEAR STUDENT
The Wasco Woman's club met Friday, February 17, at the home of Mrs. Carl Tuggle, president of the club, with Mesdames George Van Gaasbeck, Earl Richelderfer and Robert Bish as hostesses for the afternoon. Thirty members responded to roll call by naming a favorite song.
The regular order of business was transacted and the meeting turned over to the leader for the afternoon Mrs. Vinton Watkins.
Mrs. Watkins introduced Miss Martha Bardenhagen of Kent, a senior from Moro High school, who spoke fluently on the subject of her recent trip to Germany. Following her talk she graciously answered questions presented by members of the group.
Members and speaker enjoyed tasty refreshments served by the hostesses at the conclusion of the meeting.

AWARDS READY
Navy, marine corps and coast guard veterans eligible for the China service medal and the navy occupation service medal may now obtain these at local navy recruiting stations, the Oregon Department of Veterans' Affairs learned this week.
The occupation service medal is issued those who served with navy branches during the occupation of former enemy territory either in the European or Asiatic theaters. The China service medal goes to naval branch personnel who participated in operations in China between Sept. 3, 1945 (and March 2, 1946, provided such persons are eligible for the Asiatic-Pacific campaign medal.
Veterans who feel they are eligible for either of the medals should take a photostatic copy of their notices of separation to the nearest navy recruiting station, where officials can determine whether the ship or shore station on which the applicant served comes within the purview of the act.

SCHOOL THANKFUL
Many people are to be thanked for making the Junior Sweetheart Swing a huge success. The appropriate date of February 18 was used as a close date to Valentine day, the annual Junior Prom theme setting.
The juniors had decorated with red and white as basic colors. Streamers hung from the center of the room, going to all sides, around an effective heart which turned constantly, flashing red and blue colors, and was the center of attraction. Sweethearts of Moro High profiles in white with red background were pinned on the wall at the right of the door. Slack's orchestra sat behind a small picket fence decorated with hearts on a green vine with a huge red heart beside the piano.

MOISTURE INSUFFICIENT
The southeastern corner of Oregon, bounded roughly by the northern border of Baker county on the north, and thence southwest to Lakeview, is the only part of the state depending on irrigation that does not have excellent prospects for water this season, as of early February. There the prospect is only fair.
The second monthly report for 1950 issued by the soil conservation service in cooperation with the OSC experiment station, shows abundant snow supplies for reservoirs and summer stream flow in all areas using drainage from the Cascades or Northern Blue mountains.
Unfortunately, however, much of the irrigated area of the state lies within the region still facing only fair water supplies unless snow cover added in February and March is more than average, according to the report.
In general the snow-water content on drainage feeding the Owyhee, Malheur, Burnt and Powder rivers ranges from 57 percent for the Powder to 90 per cent for Owyhee of the amount at this time a year ago. All but the Powder are in better shape than at this time in 1948, but the Powder and Owyhee are below average in prospects. The Malheur and Burnt drainages are slightly above the long-time average.
Reservoir storage in early February in the southeastern area is far below average for this date as a result of two successive marginal water seasons. The huge Owyhee, however, at 377,000 acre feet is more than 100,000 acre feet better off than it was this time a year ago, but 100,000 below average. Warm Springs and Agency Valley reservoirs were down to 13,000 and 19,000 acre feet, respectively, compared with average for this date of 96,400 and 38,700 acre feet.
In northeastern Oregon the stream flow prospects for the April-September season are all well above average, though some what below the exceptionally high snow-water measurements of 1949.
Throughout the Hood River, central Oregon and Klamath irrigated regions, however, the outlook far surpasses even last season's abundance and ranges up to 2 1/2 times average.
Mr. and Mrs. Fred Walter left Thursday and missed the sight of water arising around their trailer cabin.

ABOUT THE COUNTY
Mrs. Glen Thompson has been ill and has been at the home of her son Johnny Thompson and wife in The Dalles. It is reported she is improving now, and the community hopes to see her home again soon.
The Macnab relatives left early Tuesday morning, for Portland to attend the funeral of an uncle.
Mr. and Mrs. Jewel Herin and daughter Shirley were week end guests of Mr. and Mrs. Don Macnab. They are sisters.
Joy von Borstel, small daughter of Mr. and Mrs. Donald von Borstel of Grass Valley returned to her home Saturday evening. She had been a guest for the past week at the home of Mr. and Mrs. Bill Jeffries during her mother's absence.
It really looks like there will be a new road up the Rufus

grade south of town in the near future. The state highway has begun work on it, and have been at work during the winter so now their work is shving up. This road will extend up the hill about five miles or up to Jim Tate's road.
Mr. and Mrs. Bill Macnab were in The Dalles for a few days last week end at the home of Mrs. Bee Macnab.
Rufus grange met in regular session last Thursday evening with Master S. A. Wilson presiding. Several grange meetings have been skipped due to the cold weather and roads. Then, too, it would be hard to heat the big grange hall when it was 23 degrees below zero. Mr. and Mrs. George Drinkard Sr.'s application has been received in the grange for them to become new members.

The P.T.A. meeting which was supposed to be held last Tuesday was postponed on account of road conditions, and it was planned to have it this Thursday evening, if the weather is permissible.
New spring all wool coats by "Beaver" at just \$29.95.
