to those planning to take mathematics courses. Need for an arithmetic test for other students has become increasingly apparent, says Dallas Norton, personnel coordinator, as students have been handicapped in chemistry, business and technology and many other courses through inability to handle sim-

ple fractions. Some have been able to use algebra better than arithmetic, instructors report. These and other placement tests do not bar anyone from entering college but they do indicate what "tool courses" need to be taken to insure success in a student's chosen field, says Norton.

# YOU PAY HIM LESS FOR OVERTIME!

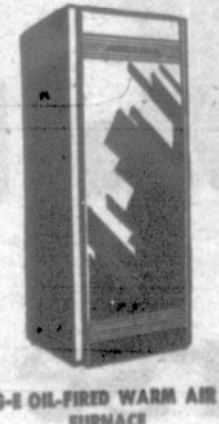

Reddy Kilowatt is working longer for you, running more labor-saving appliances. Yet, the longer he works, the lower are his hourly wages. Today Reddy's pay for housework averages only about half as much per hour as ten years ago. Can you think of anything else that has gone down and down in price?

**GENERAL ELECTRIC**  
AUTOMATIC HEATING EQUIPMENT

### How do you like our new shingle?

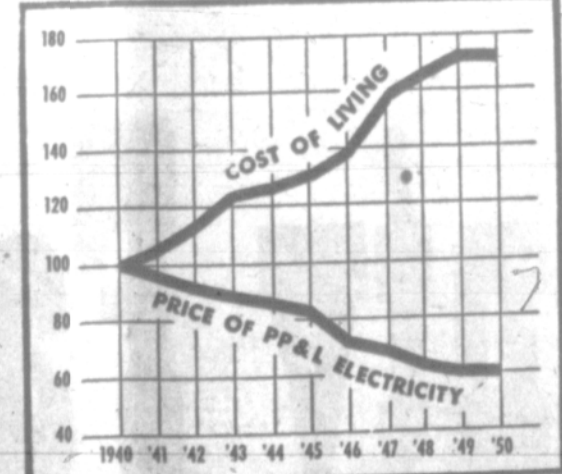

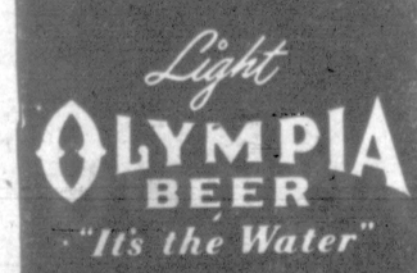

We're your new headquarters for General Electric Automatic Heating Equipment. Our new appointment is a big event for you. It means that General Electric Heating Equipment is available—right now—right here in your own community. It means that you now have our organization at hand to install G-E equipment—and keep it serviced. We welcome the chance of telling you personally just why G-E heating is "just right." There are a lot of things you will want to know about cost, installation, how the equipment works, and why it works better. A phone call or a post card will bring you the answers.

The real goodness of our American way of life stems from a gracious spirit of tolerance, moderation and good fellowship.

Light beer is the beverage of moderation. Enjoy—

THE COST OF LIVING is up 68% since 1940. But PP&L's average price for household electricity is down 40%!

RATE CUTS SINCE 1940 have meant total net savings of nearly 18 million dollars to users of PP&L's electricity!

TODAY'S BIGGEST BARGAIN! Residential electric rates here are less than half of the national average.
