

Moro Personals

The Fraser family was called to Portland Monday night on hearing that Tom Fraser Sr. had collapsed upon leaving a movie theater in Portland and was seriously ill with a heart attack in a Portland hospital.

Latest word is that Mr. Fraser is improving from what was an attack of angina pectoris and may be home in a couple weeks. Rev. and Mrs. W. W. Gearhart went to Portland Tuesday for a few days visit in the city. Mrs. Darwin VanGilder took the early morning streamliner into Portland Tuesday, returning

that evening.

Eugene Courtney stopped in Moro Wednesday afternoon on a business trip out this way. Mrs. Walter Newton, step mother of Mrs. Ernest Esslinger, is here from Corvallis for a visit.

Schedule of events attendant upon the closing of schools for Sherman county includes the junior-senior banquet and class night to be held at the church May 22; the graduation ceremonies for the 8th grade classes of Kent, Grass Valley and Moro at Grass Valley the 24th when Rev. R. A. Hutchinson of Hood River will give the address; graduation of the Rufus classes the 24th; high school graduation for the Moro high school the night of the 28th and the Wasco graduation the 31st.

Here to attend the funeral of Mrs. Alex McLeod were her brother, Corliss Andrews and wife of Portland and her cousin, W. D. Andrews and wife also of Portland, Mr. and Mrs. J. K. Irby of Arlington and Mr. and Mrs. William Guyton of Dufur.

Coach and Mrs. Jim Johnson have moved into the Edna Melzer house since Mrs. Melzer is living in The Dalles.

A daughter was born Wednesday, May 16, at Hillsboro to Mrs. Barbara Kunsman Brown (Mrs. Merle Brown). She is the only daughter of Mr. and Mrs. Roy Kunsman.

Thieves are stealing lawn mowers and other garden tools from yards in this county, says Tom Garrett, and householders will be wise to put them away nights.

Wade Arstall is here for one of his periodic visits with his brothers in the Arstall garage.

Mr. and Mrs. Paul Goddard and family were here Sunday while in eastern Oregon on a visit from their home near Linnton.

Mr. and Mrs. Arch Fortner of Boardman were here Wednesday while on their way home from a business trip to Sherman county.

Clean-up day for the Moro Odd Fellows cemetery will be held Tuesday, May 22 beginning at nine o'clock in the morning according to agreement made Tuesday night between representatives of the lodge and the local American Legion post who are cooperating in the clean-up effort.

CARD OF THANKS

We take this means of giving our sincere thanks to the friends who gave us their support and sympathy at the time of the death of our wife and mother, Mrs. A. W. McLeod.

Alex W. McLeod and family

after farming interests in this county.

Frank Beardsley was here the first of the week from South Dakota where he has been of late. Although past 70 and hospitalized for long periods recently he worked all last summer and looks as well as when he was Moro's marshal. He is here to straighten up some details of his son's estate.

R. W. Potter, well known resident of Gilliam county, was here Monday to inquire about what towns in this county were doing about daylight saving time.

Mr. and Mrs. H. S. Bennett of Auburn, Washington were here last week end to visit their son, Carrel and family. Mrs. Carrel Bennett and son David, went home with the elder Bennetts to remain a week.

If you've got pretty flowers to look at and time to look at 'em it doesn't make so much difference what the wall paper looks like. But it sure is a help to the looks of the house to get some bright new paper hung on the walls.

We've got a lot of samples from a happy, hilarious kind suitable for your playing or drinking room to somber, quiet kind like for a thinking room. It's nice to have rooms for everything

We can get paper in a few days (before you change your mind) and we'll be very happy to have you come in and see our pretty sample books.

I'd Like to Know...

You may have heard that a suit has been filed by the Antitrust Division in Washington to break up Standard of California as well as six other West Coast oil companies. Many people have written us protesting this action, and many have asked pertinent questions about our activities. We answer all letters individually, but some points seem of general interest. We take this way of discussing them for everyone. If you have a question, we urge you to write:

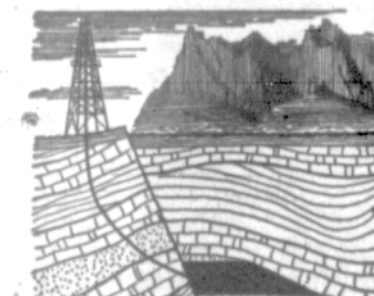

"I'D LIKE TO KNOW" Standard Oil Company of California 225 Bush Street San Francisco 20, Calif.

Remember the gusher? Years ago new wells were allowed to erupt. But oil men found ways to stop this waste. And now they extract three new fuels from the gas mixture.

Latest techniques help us in warring on waste. Standard uses a new "electronic brain" to compute best way to drill oil fields for greatest yield 25 years or more into the future.

We also prevent waste by tapping oil pools which used to be out of reach. Through research into drilling techniques we make holes curve, under mountains, for example.

Natural gas, a by-product of oil production, was once merely wasted. But oil companies long ago learned how to capture it, put this energy to work, and conserve natural oil resources.

Time was when only natural pressure lifted oil to the surface. Wells often "went flat." We now use huge systems to pump pressure back in, recovering much oil formerly lost.

And research in refining helps. In 1920, Western refineries were getting less than 7 gallons of gasoline from each barrel of crude. They now get 20 gallons of far better gas.

STANDARD OIL COMPANY OF CALIFORNIA plans ahead to serve you better
