STOP FOR SCHOOL BUSES!

Still confused about Oregon's school bus stop law? This is the way it works. On a two-lane roadway, you must stop when meeting or overtaking a school bus which has halted to load or unload children. On roadways having three or more lanes, you must stop only if you're traveling in the same direction as the bus. After having stopped, you must not proceed as long as any children are leaving direction as the bus. To assist in holding traffic while children are crossing the road, all buses are equipped with red stop signal arms. You must stop for the bus whether or not the stop arm is displayed. Use of this signal by the bus driver simply indicates the situation requires you to remain stopped. The law applies equally to city streets and rural roads and highways.

There will be cleanup day at the Church of the Nazarene in Rufus, October 21, with a sack lunch at noon. Windows and woodwork need to be washed and the floor cleaned and waxed. Anyone wishing to help is welcome.
