Like your travel with a JOYOUS THRILL?

WE HAVE NEWS for a lot of folks who want more fun from driving than they get from their present cars.

There's a trim bundle of eager high-powered energy that's just the ticket for you - a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have in mind?

The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel.

But wait till Dynaflo Drive* begins working its magic - and its constant and complete smoothness fills you with never-ending wonder.

Wait till you feel the bubbling lubricance of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here.

Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering** brings to a once-tough job.

But - why wait?

There's a Buick that can do all this - and more, far more - all ready for you to try it.

And listen: If you can afford a new car, you can afford a Buick.

How about coming in this week for a real sampling of this joyous travel?
