How to make good telephone service even better

MEMO to a busy homemaker

When you manage a household, care for your family and carry your fair share of civic responsibilities, time becomes important in your life. It may seem a minor thing—to call a number of friends and inform them that next week's club meeting will be at Jane's home instead of Ruth's. But even such a minor chore takes time. Will you let us give you a time-saving tip? Start a personal number book. You'll be surprised at how much time it will save. And if you check these numbers from time to time—keeping them up-to-date—you'll also avoid the embarrassment of calling wrong numbers.
