ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

How to make
good telephone service
even better...

memo to a popular 'teen-ager...

Dear Susan: We're leaving this little note for
you to read the next time you're at the telephone.

We want you to know we're delighted that
the telephone rings so often for you these days
... and that you have so many friends to call.

But we hope you'll remember that we share this
line with our telephone neighbors. They like to
use it, too. And, of course, we know you'll keep
in mind that no one can call us as long as the
line is tied up. Lovingly, Mother and Dad.
